

Detective Kevin Coffey

Audio and Visual Requirements

1. Wireless Lavalier microphone for audiences over 50 people.
2. Speaker uses a Microsoft Surface 3 Pro computer that utilizes Microsoft PowerPoint PC presentation software. Speaker will advance the slides on his own.
3. Standard data projector for use with Microsoft Windows PowerPoint presentation software.
4. Connect to the house sound system via the computer's headphone jack.
5. Speaker needs to connect his own mini display port (DP) dongle to connect to the projector's VGA cable.
6. Detective Coffey's PPT slides default to 16:9 widescreen format.
7. Video and audio taping is prohibited without written permission from Kevin Coffey.
